Linda Corley  
MBA, ACPAR, CRCR, CPC  
Vice President of Compliance and Quality Assurance & Revenue Cycle Reimbursement  
Consulting Services  
Xtend Healthcare

Linda serves as Xtend Healthcare's senior leader in the areas of Compliance and Reimbursement consulting services. She has more than twenty-five years' experience working directly for or with hospitals in the areas of Patient Financial Services, Health Information Management and Accounting. An experienced hospital accounting manager and accomplished college professor, Linda worked over ten years in a leadership role with financial accounting systems in hospitals and physician practices. Her experience includes training accounting professionals, patient financial services staff, and coders for the medical environment.

Prior to Xtend Healthcare, Linda worked for Perot Systems and Dell Revenue Cycle Services leading consulting engagements throughout the U.S to ensure optimum and compliant payment. Within the revenue cycle reimbursement arena, Linda has directed more than one hundred Charge Description Master (CDM) reviews and has performed numerous compliance and coding audits. She has provided performance evaluation and enhancement services for large health systems with employed physicians, as well as Critical Access Hospitals. Linda is best known for explaining complex governmental coverage, coding and billing guidance in understandable language that promotes compliant and achievable results.

Linda also has served as Chief Accountant / Controller for a university-owned four-hospital group—which included acute, rehabilitative, outpatient, and long-term care settings. As a component of her duties, Linda performed financial review analysis audits and developed reporting guidelines for cost and revenue variances to enhance operations effectiveness within hospital departments. She was instrumental in establishing quarterly hospital financial analysis and training sessions for medical department heads (Hospital Reimbursement for Clinical Managers). Linda has developed and provided accounting and coding training programs for medical offices, clinics, and hospitals. As a university faculty member, Linda taught managerial and cost accounting emphasizing cost controls, reporting procedures, analytical processes, and reimbursement practices.

Linda holds a Bachelor of Science degree in Business Administration along with a Masters of Business Administration, and is credentialed as an AAPC Certified Professional Coder (CPC). She is a Certified Revenue Cycle Representative (CRCR) by HFMA.
